Kelly,

That works perfectly for me.

Thursday is a holiday here in Canada so my goal is to be done today, discuss it with my reviewers later today/tomorrow and send you our recommendations by COB on Wednesday.

Hi Dominique,

I currently have a meeting set with the state this Thursday morning to discuss the proposed sampling plan so that we can provide the PRPs with our comments on the plan. Do you anticipate getting me the recommendations later than Wednesday afternoon? If that's the case I will need to move my meeting with the state. I know this doesn't give you much time, but if you think you could get me the recommendations before Thursday that would be amazing.

Thank you Dominique. Do you know when I can expect your review of the proposed monitoring program? I had thought it would be included in the review of the 2020 Annual report.
